FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

December 21, 2017

To the Board of Directors of Coquille School District No. 8

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Coquille School District No. 8, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our unmodified and qualified audit opinions.

Summary of Opinions

<u>Opinion Unit</u>	<u>Type of Opinion</u>
Governmental Activities	Qualified
General Fund	Unmodified
Special Grant Fund	Unmodified
Capital Project Fund	Unmodified
Aggregate Remaining Fund Information	Unmodified

Basis for Qualified Opinion on Governmental Activities

The District has chosen to not adopt Governmental Accounting Standards Board (GASB) Statement No. 45, *Accounting and Financial Reporting for Employers for Postemployment Benefits Other Than Pensions*. This Statement establishes standards for the measurement, recognition, and display of OPEB expense/expenditures and related liabilities (assets), note disclosures, and, if applicable, required supplementary information (RSI) in the financial reports of state and local governmental employers. This statement is required by accounting principles generally accepted in the United States of America. Because the District did not determine the amount of their liability under GASB Statement No. 45, the effect on the Statement of Net Position and the Statement of Activities cannot be determined.

The District has also chosen to not adopt Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions – An Amendment of GASB No. 27*. This statement provides guidance for reporting net pension liability to improve accounting and financial reporting for pensions. This statement is required by accounting principles generally accepted in the United States of America. Due to the fact that the District did not implement GASB Statement No. 68, the effect on the Statement of Net Position and the Statement of Activities cannot be determined.

Qualified Opinion on Governmental Activities

In our opinion, except for the effects of not implementing GASB Statements No. 45 and No. 68, as discussed in the preceding paragraphs, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities of Coquille School District No. 8 as of June 30, 2017, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Unmodified Opinions on the General Fund, Special Grant Fund, Capital Project Fund and the Aggregate Remaining Fund Information

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund and the aggregate remaining fund information of Coquille School District No. 8 as of June 30, 2017, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis and budgetary comparison information for the General Fund and Special Grant Fund as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the management's discussion and analysis in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The budget and actual schedules for the General Fund and major Special Grant Fund, as listed in the table of contents, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Coquille School District No. 8's basic financial statements. The supplementary information, as listed in the table of contents, and the Schedule of Expenditures of Federal Financial Awards, are presented for purposes of additional analysis and are not required parts of the basic financial statements. The Schedule of Expenditures of Federal Financial Awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Award*, and is also not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The supplementary information and the Schedule of Expenditures of Federal Financial Awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

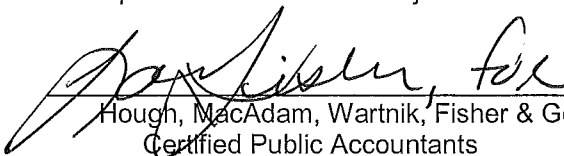

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Coquille School District No. 8's basic financial statements. The Oregon Department of Education Supplemental Information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. The Oregon Department of Education Supplemental Information is required by the Oregon Department of Education. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards* and Oregon Revised Statutes

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2017, on our consideration of Coquille School District No. 8's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Coquille School District's internal control over financial reporting and compliance.

In accordance with Minimum Standards for Audits of Oregon Municipal Corporations, we have also issued our report dated December 21, 2017, on our consideration of the Coquille School District's internal control over financial reporting and on tests of its compliance with the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-010-000 to 162-10-0330. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion.

**COQUILLE SCHOOL DISTRICT 8
COOS COUNTY,
MANAGEMENT'S DISCUSSION AND ANALYSIS
For Year Ended June 30, 2017**

This section of Coquille School District's annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year that ended on June 30, 2017. The intent of the Management Discussion and Analysis (MD&A) is to look at the School District's financial performance as a whole. With this in mind, please also refer to the District's financial statements, which immediately follow this section.

Financial Variances from the Prior Year

There were some significant variances in revenues, expenditures and changes in fund balance from the prior year. The General Fund, as discussed in more detail later, had revenue of approximately \$9.66 million (excluding the beginning fund balance), an increase of approximately \$745 thousand from the prior year. As in years past, this increase was primarily made up of State School Fund and the continued support of the QZAB (Quality Zone Academy Bond) to help reduce our deferred maintenance costs. Current and prior year taxes were \$56.6 thousand higher than originally projected, however, the majority of this will be paid back to ODE in May of 2018. General Fund expenditures have also increased as the district continues grow, causing an increase in staffing and the district also continues to offer new learning opportunities for students. General Fund expenses were approximately \$9.9 million, an increase of about \$1.33 million from the prior year. Some of these were planned budgeted changes, ie: rollup costs, and others were unplanned, ie: adding staff due to the increased student count and moving staff from Title and IDEA grants to the general fund due to a reduction in the grant allocations. As a result of the change in margins between expenditures and revenue, the ending fund balance had an upward change of approximately \$290 thousand.

Special Grant Fund revenues were up approximately \$290 thousand overall from the prior year. Expenditures were up approximately \$54 thousand. There was an upward net change in the fund balance of \$319 thousand.

The overall net changes to these funds are due primarily to miscellaneous grants moving in/out, fluctuations in Student Body & Food Service and the amount transferred in from the General Fund for athletics.

The Capital Projects Fund ending fund balance was approximately \$528 thousand. This was an increase of approximately \$325 thousand over prior year. This increase of ending fund balance is due to a new QZAB (#3) bond being taken out for \$1.5 million in the 16/17 fiscal year.

The Permanent and Fiduciary Funds and Agency Fund increased in the 16/17 year by approximately \$34 thousand. This was due to an increase in the amount of taxes due to the bond payment and an increased amount of taxes collected.

Statement of Net Position and the Statement of Activities

While this document contains financial statements for each of the individual funds used by the School District to provide programs and activities, the view of the School District as a whole looks at all financial transactions and asks the question, "How did we do financially during the fiscal year ending June 30, 2017?" The Statement of Net Position and the Statement of Activities answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting includes all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School District's Net Position and changes in those assets. This change in Net Position is important because it tells the reader whether, for the School District as a whole, the financial position of the School District has improved or diminished. The causes of this change may be the result of many factors, some financial, and some not. Non-financial factors include economic conditions, mandated educational programs, enrollment levels, and other factors.

In the Statement of Net Position and the Statement of Activities, the School District reports governmental activities. Governmental activities are the activities where all of the School District's programs and services are reported including instruction, support services and community services. The School District does not have any business-like activities.

Reporting the School District's Most Significant Funds

Fund Financial Statements

The analysis of the School District's major funds begins on page 12. Fund financial reports provide detailed information about the School District's major funds. The School District uses several funds to account for a multitude of financial transactions. However, these fund financial statements focus on the School District's most significant funds. The School District's major governmental funds are the General Fund, the Special Grant Fund, and the Capital Projects Fund.

Governmental Funds

All of the District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Recall that the Statement of Net Position provides the perspective of the School District as a whole.

Table 1 provides a comparative summary of the School District's Net Position for the years ending June 30, 2016 and 2017.

Table 1
Net Position

	<u>6/30/2017</u>	<u>6/30/2016</u>

Net Position - ending	<u><u>\$ 3,351,565</u></u>	<u><u>\$ 3,030,429</u></u>

The Statement of Activities shows the cost of program services and the revenues received for charges for services and grants that offset those services for the year ending June 30, 2017.

Instruction expense includes students and instructional staff expenses directly dealing with the teaching of students and the interaction between teacher and student, and the activities involved with assisting staff with the content and process of teaching to students.

Supporting services includes general, school, and business administration expenses associated with administration of the District as a whole, the administration of the schools individually, and with the fiscal and financial supervision of the District. This also includes activities associated with upgrading and replacing technological equipment and operation and maintenance of the school grounds, buildings, and equipment.

Capital acquisition and construction includes construction and major renovation of building and equipment.

Community services include expenses related to food service costs and scholarship awards.

Interest is associated with the payment of debt principal and capital leases.

The School District's Funds

Information about the School District's major funds revenues and expenditures is on page 14. These funds are accounted for using the modified accrual basis of accounting. Excluding debt refinancing and sales of capital assets, the General Fund had total revenues of \$9,663,005 and expenditures of \$9,970,912. After transfers, debt service, and sale of assets, the net change in fund balance for the year in the General Fund was an increase of \$289,949.

The change in fund balance for Special Grant Fund was an increase of \$319,650 thousand, which was due primarily to the change in Food Service and a transfer to Athletics from the General Fund.

The Capital Projects Fund had carryover revenues of \$528 thousand.

General Fund Budgeting Highlights

The School District's budget is prepared according to Oregon law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

The adopted budget as amended for the General Fund was \$10,935,658, of which \$284,265 was the beginning fund balance. The actual beginning fund balance was \$760,975.

Capital Assets

At the end of the fiscal year 2017, the School District had a net investment of \$8,073,507 in land, land improvements, buildings, equipment, and vehicles.

Debt Administration and Outstanding Debt

The School District has several outstanding debt obligations. One is a general obligation bond issue, which was approved by the voters in 2001. These bonds are required to be paid within no more than 20 years from the date of issue and are backed by the full faith and credit of the District. The proceeds from the bond were used to expand and improve the District's facilities, which the District has completed. On October 6, 2005, a portion of the bonds maturing June 15 in the years 2006 through 2021 were refinanced (2005 Advanced Refunding of 2001 GO Bonds). The remaining bond now matures in 2021 with a 17/18 payment due of \$344,198. The district has three outstanding QZAB loans. This is an almost interest "free to the district" loan (the interest is subsidized by the federal government) that will be repaid over the course of 19 years. The loan matures in 2030 with an annual payment due of \$56,944.44. The district made a bus lease purchase in 11/12 in the amount of \$104,478 and a land purchase in the amount of \$88,842. In July of 2015, the district secured a QZAB loan of \$3.7 million. These monies were to replace the roofs of Lincoln Early Learning Center, Coquille Valley Elementary and Coquille Jr/Sr High and that work has been completed. With the remaining funds, the district was able to take care of many deferred maintenance issues around the district including replacing chain link fencing and repairing asphalt at all school buildings. In July of 2016, the district secured another QZAB loan of \$1.5 million. With strategic planning in the area of maintenance, this allowed the district to replace its very aging bus fleet with 8 buses and 2 staff/student vans. The total of the outstanding long-term debt (principal) at the end of the 16/17 year was approximately \$7.38 million. The School District's overall legal debt margin is approximately \$33 million, so they are well within the prescribed boundaries.

Current Financial Issues and Concerns

The student population of Coquille School District continues to increase. Winter Lakes School continues to offer choices to previously disengaged students. Coquille Jr/Sr High, Coquille Valley Elementary and Lincoln School of Early Learning continue to grow and provide excellent choices for students. One very real concern is what number to estimate for the 18/19 ADM.

In addition, there are a number of issues in the works that would greatly impact the cost of doing business for the district.

- PERS. The unfunded liability continues to increase. The current estimate is that the PERS percentage will need to increase by 6%+ for each biennium for the next 3 biennium's.

In conclusion, the Coquille School District No. 8 continues to be dedicated to academic excellence and financial responsibility. We are continuing to be proactive in our entrepreneurial endeavors to take advantage of any opportunities that could help increase the districts revenue. The District will start the 18/19 budgeting process in March of 2018 in order to have a better idea of the funding level for the 18/19 year. The School District will continue to maintain sound fiscal management and encourage staff at all levels to seek ways to stretch our resources while providing daily opportunities for students to grow personally as well as academically.

Contacting the School District's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have questions about this report or need additional financial information contact: Teri Pointer, Business Manager, Coquille School District No. 8, 1366 N. Gould St, Coquille, OR 97423, 541-396-2181 or tpointer@coquille.k12.or.us.

COQUILLE SCHOOL DISTRICT NO. 8
Reconciliation of the Governmental Funds Balance Sheet
to the Statement of Net Position
June 30, 2017

Total fund balances - governmental funds **\$ 2,361,002**

Amounts report for governmental activities in the Statement of Net Position are different because:

Capital assets used in government activities are not current financial resources and, therefore, are not reported in the fund financial statements. These assets consist of:

Land	\$ 337,371	
Construction in progress	248,697	
Buildings, equipment and vehicles	12,975,212	
Less accumulated depreciation on capital assets	<u>(5,487,773)</u>	
		8,073,507

Certain assets reported in the Statement of Net Position are not current financial resources and are not reported in the fund financial statements.

Deferred bond refunding amounts (net)		64,230
---------------------------------------	--	--------

The Statement of Net Position reports receivables at their net realizable value. However, receivables not available to pay for current period expenditures are deferred in governmental funds.

Property taxes		230,248
----------------	--	---------

Some liabilities are not due and payable in the current period and, therefore, are not reported in the funds. These liabilities consist of:

Long-term debt - General Obligation Bonds	(1,285,000)	
2012 QZAB bonds	(740,992)	
2014 QZAB bonds	(3,140,000)	
2016 QZAB bonds	(1,500,000)	
Capital leases payable	(671,706)	
Accrued interest on long-term debt	(3,525)	
Compensated absences	<u>(36,199)</u>	
		<u>(7,377,422)</u>

Total net position - governmental activities		<u><u>\$ 3,351,565</u></u>
---	--	-----------------------------------

The notes to the basic financial statements are an integral part of this statement.

Coquille School District No. 8
Reconciliation of the Governmental Funds Statement of Revenues,
Expenditures and Changes in Fund Balances
to the Statement of Activities
For the Fiscal Year Ended June 30, 2017

Total net change in fund balances - governmental funds **\$ 968,658**

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds defer revenues that do not provide current financial resources. However, the Statement of Activities recognizes such revenues at their net realizable value when earned, regardless of when received.

Property taxes 14,974

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities, these costs are shown in the Statement of Net Position and allocated over their estimated useful lives as annual depreciation expenses in the Statement of Activities. This is the amount of depreciation and capital outlay expenditures for the year.

Depreciation	\$ (312,242)	
Capital outlay	1,310,216	
Gain (Loss) on disposition of capital assets	<u>(4,875)</u>	
		993,099

The issuance of long-term debt and proceeds of capital leasing provides current financial resources to the governmental funds while the repayment of long-term debt and capital leases consumes the current financial resources. However, neither has any affect on the Statement of Activities.

Issuance of debt	(2,252,706)	
Amortization of deferred payment on bond refunding	(13,929)	
Principal payments on refinanced General Obligation Bonds	531,944	
Principal payments on capital lease	<u>89,357</u>	
		(1,645,334)

In the governmental funds, the proceeds from the sale of capital assets is reported, However, the Statement of Activities reports the net gain (loss) of such sales.

Some items reported in the Statement of Activities do not require the use of current financial resources or may not be available as a current financial resource and therefore, are not reported as expenditures or resources in governmental funds.

Change in accrued interest payable	383	
Change in compensated absences	<u>(4,686)</u>	
		<u>(4,303)</u>

Change in net position of governmental activities **\$ 327,094**

The notes to the basic financial statements are an integral part of this statement.

COQUILLE SCHOOL DISTRICT NO. 8
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2017

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Coquille School District No. 8 (District), located in Coos County, Oregon, was organized under Oregon statutes pursuant to Oregon Revised Statutes (ORS) Chapter 332 for the purpose of operating elementary and secondary schools. The District is governed by an elected seven-member Board of Directors. The Superintendent is the District Clerk and is responsible to the Board of Directors.

In evaluating how to define the District for financial reporting purposes, management has considered all potential component units. Based on the application of the criteria established by the Governmental Accounting Standards Board (GASB), there are no potential component units of the District.

B. Measurement Focus, Basis of Accounting and Basis of Presentation

The financial statements of Coquille School District No. 8 have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

1. Basis of Presentation

District-wide Financial Statements. The Statement of Net Position and the Statement of Activities display information about the District as a whole. These statements include the financial activities of the primary government. Fiduciary funds are not included in the District-wide financial statements.

Governmental activities – The District's programs are reported in this category, including Instruction, Supporting Services, Community Services, and Capital Acquisition/Construction. Property taxes and state and federal grants are the primary sources that finance these activities.

The District-wide statements are prepared using the economic resources measurement focus and are reported on the accrual basis of accounting. This differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements, therefore, include a reconciliation with brief explanations to better identify the relationship between the District-wide statements and the statements for governmental funds. Transactions between funds, such as transfers and loans, are eliminated in the District-wide statements.

The District-wide Statement of Activities presents a comparison between direct expenses and program revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Indirect expenses such as interest and depreciation are not allocated across functions, as they are not specifically associated with a particular service, program or department.

Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

Intergovernmental revenues are recognized as revenues when all eligibility requirements are met. There are however, essentially two types of intergovernmental revenues. In one, monies must be expended on the specific purpose or project before any amounts will be paid to the District; therefore, all eligibility requirements are determined to be met when the underlying expenditures are recorded. In the other, monies are virtually unrestricted as to the purpose of the expenditure and are usually revocable only for failure to comply with prescribed requirements; therefore, all eligibility requirements are determined to be met at the time of receipt or earlier if the susceptible to accrual criteria are met.

Fund Financial Statements. Fund financial statements report detailed information about the District. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Separate financial statements are provided for governmental funds. Major individual funds are reported as separate columns in the fund financial statements.

The financial statements for the governmental funds are a balance sheet, which generally includes only current assets and current liabilities, and a statement of revenues, expenditures and changes in fund balances, which reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources.

2. Fund Accounting

The accounts of the District are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. A minimum number of funds are maintained consistent with legal and managerial requirements.

Governmental funds are used to account for the District's general government activities. Governmental fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they are "measurable and available"). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. Property taxes, other taxes and charges for services are susceptible to accrual if received within 30 days of fiscal year end. Other receipts become measurable and available when cash is received by the District and are recognized as revenue at that time.

Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on general long-term debt which is recognized when due, and certain compensated absences and claims of judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria are met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

The District applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted assets are available.

The District reports the following major governmental funds:

General Fund - The General Fund is the District's primary operating fund. It accounts for and reports on all financial resources of the general government, except those required to be accounted for in another fund. Resources consist of property taxes, state school support and other various revenues sources.

Special Grant Fund – The Special Grant Fund accounts for and reports on revenue sources that are legally restricted to expenditure for specific purposes, as well as revenues received and expenditures made for athletics, professional growth, food service, scholarships and student activities. Federal grants, fees, charges for service and interest earnings are the major sources of revenue.

Capital Projects Fund - This fund accounts for and reports on the acquisition of capital assets or construction of major capital projects not being financed by the General Fund. The major sources of revenue are proceeds from the sale of capital assets, bond or loan proceeds, and interest earnings.

Additionally, the District reports the following fund types:

Debt Service Fund – This fund accounts for and reports on servicing of long-term debt. Resources are provided by property tax receipts and interest earnings.

Permanent Fund – This fund accounts for and reports on the contributions received from the Hanley Trust. This fund is legally restricted to the extent that only earnings, not principal, may be used to support any of the District's programs. Principal of \$45,472 was transferred to the Oregon Community Foundation during the previous fiscal year in order to increase earnings. Remaining funds in the account are earnings eligible for use by the District.

Fiduciary funds account for and report on assets held by the District in a trustee capacity or as an agent on behalf of others. Funds of this type are accounted for on the flow of economic resources measurement focus and uses the accrual basis of accounting.

The Hupperich Trust, a private purpose trust fund, accounts for and reports assets of which only the earnings may be spent on scholarships.

The *Agency Fund* accounts for assets held by the District in a purely custodial capacity.

C. Assets, Liabilities and Equity

1. Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and investments in the Oregon State Treasury Local Government Investment Pool (LGIP).

All cash and cash equivalents are carried at amortized cost, which approximates fair value. The District maintains merged bank accounts for its funds in a central pool of cash and cash equivalents.

The investment policy of the District is to invest in LGIP and interest bearing demand deposits with local banks and to transfer resources to the general checking account as the need arises. This policy is in accordance with ORS 294.035, which specifies the types of investments authorized for municipal corporations. The District allocates interest to the General Fund, the Special Grant Fund, the Hanley Trust Fund and the Hupperich Trust Fund based on average monthly cash balances.

2. Receivables and Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "interfund receivables/payables" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Advances between funds are offset by a fund balance reserve account in applicable governmental funds to indicate they are not available for appropriation and are not expendable available financial resources. Other receivables including property taxes, accounts, entitlements, and shared revenues are reported in accordance with the policies enumerated in Paragraph B above.

3. Inventories

With the exception of food service inventories, physical inventories are taken for control purposes only with no dollar value assigned. Accordingly, with the exception of food service inventories, a value is not included on the balance sheet.

Food inventory of \$13,653 reflected in the Special Revenue Funds is reported at the lower of cost or market value as of June 30, 2017. This inventory consists of commodities received through the U.S.D.A. Food Distribution Program, as well as those purchased from local vendors. The cost of this inventory is recorded as an expenditure when consumed rather than when purchased. Food Service Fund inventories are displayed as nonspendable on the balance sheet, which indicates they do not constitute available spendable resources, even though they are a component of the ending fund balance.

4. Capital Assets

Capital assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the District-wide Statement of Net Position but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their acquisition values as of the date received. Capital assets are defined by the District as assets with an initial individual cost of \$5,000 or more and an initial useful life of more than a single reporting period. The District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized. Interest incurred during the construction of capital assets is also capitalized.

All reported capital assets except land and construction in progress are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

Land improvements	10 - 40 years
Buildings	20 - 100 years
Equipment	5 - 25 years
Vehicles	10 - 15 years

5. *Compensated Absences*

Vested or accumulated vacation leave is reported on the District-wide financial statements. No expenditure is reported for these amounts in the fund financial statements and they are reported as liabilities on the District-wide financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as the result of employee resignations and retirements. No liability is recorded for non-vesting accumulating rights to receive sick pay benefits. The governmental fund typically used in prior years to liquidate the liability for compensated absences has been the General Fund.

6. *Long-term Obligations*

The District reports long-term debt of governmental activities at face value in the District-wide Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable premium or discount. In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of the debt issued is reported as other financing sources.

7. *Deferred Outflows/Inflows of Resources*

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District currently has one type of item that qualifies for reporting in this category. It is the deferred charge on refunded bonds reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its acquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will *not* be recognized as an inflow of resources (revenue) until that time. The District has only one type of deferred inflows, which arises only under the modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes.

8. *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

9. *Net Position*

Net position represents the difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources in the District's financial statements.

Government-wide net position is divided into three components:

Net investment in capital assets - consists of the historical cost of capital assets less accumulated depreciation and less any debt that remains outstanding that was used to finance those assets plus deferred outflows of resources less deferred inflows of resources related to those assets.

Restricted net position - consists of assets that are restricted by the District's creditors (for example, through debt covenants), by the state enabling legislation (through restrictions on shared revenues), by grantors (both federal and state), and by other contributors.

Unrestricted – all other net position is reported in this category.

10. *Fund Equity*

Fund balance classifications are comprised of a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds.

In the fund financial statements, fund balances are classified as follows:

Nonspendable—Amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted—Amounts that can be spent only for specific purposes because of the local, state or federal laws, or externally imposed conditions by grantors, creditors or enabling legislation.

Committed—Amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Board of Directors. These amounts cannot be used for any other purpose unless the Board of Directors removes or changes the specified use by taking the same type of action (resolution) that was employed when the funds were initially committed.

Assigned—Amounts that are constrained by the District's intent to be used for a specific purpose, but are neither restricted nor committed. Intent must be expressed by the Board of Directors or their authorized designee. The Board of Directors has appointed the Business Manager as their designee.

Unassigned—All amounts not included in other classifications.

The amounts in the various categories of fund balance are included in the governmental funds balance sheet. As discussed in Note 1 B.2 restricted funds are used first as appropriate. Decreases to the remaining fund balance categories first reduce committed fund balance, followed by assigned fund balance, then unassigned fund balance when expenditures are incurred for purposes for which amounts in any of those fund balance classifications could be used.

11. New Accounting Pronouncements

GASB Statement No. 77, *"Tax Abatement Disclosures."* The statement establishes accounting and reporting guidance on tax abatement agreements for governments. The statement is effective for fiscal years beginning after December 15, 2015. As a result of implementing this statement there is no financial impact on the District.

The District anticipates no financial impact as a result of implementing this statement.

12. New Accounting Pronouncements Upcoming

GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions.* The statement establishes accounting and financial reporting requirements related to other postemployment benefits (OPEB), replacing GASB Statements No. 45 and No. 57. The statement is effective for fiscal years beginning after June 15, 2017. Management has not yet determined the financial impact of this statement on the District.

Management has not yet determined the effect on the financial statements from implementing any of the following pronouncements.

II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary Information

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for all governmental funds. All annual appropriations lapse at fiscal year end.

Oregon Local Budget Law establishes standard procedures relating to the preparation, adoption, and execution of the annual budget. The District begins its budgeting process by appointing budget committee members in early fall of each year. Recommendations are developed through early spring and the Budget Committee usually approves the budget in late spring. Public notices of the budget hearing are generally published in early June, and the public hearing is held in late June. The budget is adopted, appropriations are made and the tax rate is declared no later than June 30. The resolution authorizing appropriations for each fund, by function, sets the legal limit for expenditures.

The following functions, by fund, are the legal levels of budgetary control:

- Instruction
- Supporting services
- Community services
- Facilities acquisition and construction
- Interagency/Fund transactions
- Debt service
- Contingency

Management may reassign resources within functions without seeking approval of the District's Board of Directors. Original appropriations may be increased through resolutions by transferring amounts between appropriations in the same fund or by transferring from an appropriation in the General Fund to an appropriation category in another fund. A supplemental budget is needed to increase appropriations when appropriations transfers are unauthorized. Budget amounts are as originally adopted, or as amended by the District's Board of Directors.

B. Excess of Expenditures Over Appropriations

Expenditures exceeded appropriations in the following amounts:

Capital Projects Fund

Facilities acquisition and construction

\$ 77,110

III. DETAILED NOTES ON ALL FUNDS

A. Deposits and Investments

Deposits. The Governmental Accounting Standards Board has adopted accounting principles generally accepted in the United States of America (GAAP), which include standards to categorize deposits to give an indication of the level of custodial credit risk assumed by the District at June 30, 2017. If bank deposits at year end are not entirely insured or collateralized with securities held by the District or by its agent in the District's name, the District must disclose the custodial credit risk that exists. Deposits with financial institutions are comprised of bank demand deposits. For deposits in excess of federal depository insurance, Oregon Revised Statutes require the depository institution to participate in the Public Funds Collateralization Pool. The Public Funds Collateralization Pool is a multiple financial institution collateral pool administered by the Oregon State Treasurer's Office.

For the fiscal year ended June 30, 2017, the carrying amount of the District's deposits in various financial institutions was \$29,250 and the bank balance was \$328,473. There was a deficit at one bank of \$204,487 at June 30, 2017. Of the bank balance, \$280,104 was insured by the Federal Depository Insurance Corporation and \$48,369 was covered by the collateralization pool.

Custodial Credit Risk. Custodial credit risk for deposits is the risk that, in the event of a bank failure, a government's deposits may not be returned to it. The District does not have a formal deposit policy for custodial credit risk. Custodial credit risk for investments is the risk that, in the event of a failure of the counterparty, the government will not be able to recover the value of its investments that are in the possession of an outside party.

The Oregon State Treasurer is responsible for monitoring public funds held by bank depositories in excess of FDIC insured amounts, and for assuring that public funds on deposit are collateralized to the extent required by Oregon Revised Statutes (ORS) 295. ORS Chapter 295 requires depository banks to place and maintain on deposit with a third party custodian bank securities having a value of 10 percent, 25 percent or 110 percent of public funds on deposit depending primarily on the capitalization level of the depository bank. Deposits in the Public Funds Collateralization Pool are not 100 percent guaranteed.

Investments. Coquille School District has invested funds in the State Treasurer's Oregon Short-Term Fund Local Government Investment Pool. The Oregon Short-Term Fund is the local government investment pool for local governments and was established by the State Treasurer. It was created to meet the financial and administrative responsibilities of federal arbitrage regulations. The investments are regulated by the Oregon Short-Term Fund Board and approved by the Oregon Investment Council (ORS 294.805 to 294.895). Local Government Investment Pool (LGIP) is an unrated external investment pool managed by the State Treasurer's office, which allows governments within the state to pool their funds for investment purposes. The amounts invested in the pool are not classified by risk categories because they are not evidenced by securities that exist in physical or book entry form as defined by GASB Statement No. 40.

In addition, the Oregon State Treasury LGIP distributes investment income on an amortized cost basis and participants' equity in the pool is determined by the amount of participant deposits, adjusted for withdrawals and distributed income. Accordingly, the adjustment to fair value would not represent an expendable increase in the District's cash position. Withdrawals in excess of \$15 million require 48 hours' notice.

Investments in the Oregon State Treasury LGIP are made under the provisions of ORS 294.810. These funds are held in the District's name and are not subject to collateralization requirements of ORS 295.015. Investments are stated at cost, which approximates fair value.

State statutes authorize the District to invest in obligations of the U.S. Treasury, its agencies and instrumentalities, debt obligations of the State of Oregon and its political subdivisions, debt obligations of the States of California, Washington, and Idaho and their political subdivisions, time deposits of insured savings institutions, bankers' acceptances, certain corporate indebtedness, and repurchase agreements.

Credit Risk. Credit risk for investments is the risk that, in the event of the failure of the counterparty, a government will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The State of Oregon LGIP is not registered with the U.S. Securities and Exchange Commission as an investment company. The Oregon Revised Statutes and the Oregon Investment Council govern the Pool's investment policies. The State Treasurer is the investment officer of the Pool and it is responsible for all funds in the Pool. These funds must be invested and the investments managed, as a prudent investor would, exercising reasonable care, skill and caution. Investments in the fund are further governed by portfolio guidelines issued by the Oregon Short-Term Funds Board, which establish diversification percentages and specify the types and maturities of investments. The District has no formal investment policy that further restricts its investment choices.

Concentration of Credit Risk. The District is required to provide information about the concentration of credit risk associated with its investments in one issuer that represent 5 percent or more of the total investments, excluding investments in external investment pools or those issued and explicitly guaranteed by the U.S. Government.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Oregon Short-Term Fund Board manages this risk by limiting the maturity of the investments held by the fund. The District has no formal investment policy that explicitly limits investment maturities as a means of managing its exposure to fair value loss arising from increasing interest rates.

As of June 30, 2017, the District had the following investments:

<u>Investment Type</u>	<u>Maturity</u>	<u>Percentage of Portfolio</u>	<u>Fair Value</u>
Local Government Investment Pool	1 day	100%	\$ 2,605,334

A reconciliation of cash and cash equivalents as shown on the balance sheet follows:

Cash on hand	\$ 400
Carrying amounts of deposits	29,250
Payroll checks held	267,405
Carrying amounts of investments in LGIP	<u>2,605,334</u>
Total cash and cash equivalents	<u>\$ 2,902,389</u>
Cash and cash equivalents and restricted cash and cash equivalents by fund:	
General fund	\$ 1,478,986
Special revenue fund	484,926
Capital projects fund	815,828
Nonmajor funds:	
Restricted cash and cash equivalents	<u>117,366</u>
Total Governmental Funds	2,897,106
Fiduciary funds	<u>5,283</u>
Total cash and cash equivalents	<u>\$ 2,902,389</u>

B. Receivables

All non-current property taxes receivable are treated as deferred revenue in the fund financial statements. Other accounts and intergovernmental receivables are considered to be fully collectible. Accordingly, no provision for estimated uncollectables has been established.

Property taxes are assessed and attach as an enforceable lien on property as of July 1. Taxes are levied on July 1 and are payable on November 15. They may be paid in installments due November 15, February 15, and May 15. Taxes are billed and collected by the County of Coos and remittance to the District is made at periodic intervals. For fiscal year 2016-2017, the District imposed the taxes at a rate of \$4.2522 per \$1,000 of assessed value. After reduction for estimated shared offsets, truncation, and loss due to constitutional limits of \$28,212, this resulted in a net levy of \$2,461,339, including \$374,038 levied for payment of bonded debt.

C. Capital Assets

Capital asset activity of the District for the fiscal year ended June 30, 2017 was as follows:

Governmental Capital Assets	Balance 6/30/2016	Additions	Deletions	Balance 6/30/2017
<i><u>Capital assets not being depreciated</u></i>				
Land	\$ 337,371	\$ -	\$ -	\$ 337,371
Construction in progress	-	248,697	-	248,697
Total non-depreciable	337,371	248,697	-	586,068
<i><u>Capital assets being depreciated</u></i>				
Land improvements	663,381	224,465	-	887,846
Buildings	10,268,021	-	-	10,268,021
Equipment	414,016	64,181	(18,937)	459,260
Vehicles	942,046	772,873	(354,834)	1,360,085
Total capital assets being depreciated	12,287,464	1,061,519	(373,771)	12,975,212
<i><u>Less accumulated depreciation for:</u></i>				
Land improvements	(456,617)	(29,913)	-	(486,530)
Buildings	(4,100,205)	(192,478)	-	(4,292,683)
Equipment	(315,157)	(18,866)	18,937	(315,086)
Vehicles	(672,448)	(70,985)	349,959	(393,474)
Total accumulated depreciation	(5,544,427)	(312,242)	368,896	(5,487,773)
Total capital assets being depreciated (net)	6,743,037	749,277	(4,875)	7,487,439
Governmental activities capital assets (net)	<u>\$ 7,080,408</u>	<u>\$ 997,974</u>	<u>\$ (4,875)</u>	<u>\$ 8,073,507</u>

Depreciation expense is not allocated among functions.

D. Fund Balance

The District has adopted GASB Statement No. 54 which redefined how fund balances are presented in fund financial statements. In the governmental fund financial statements, fund balances are classified as follows:

	General Fund	Special Grant Fund	Capital Projects Fund	Nonmajor Funds	Total
Nonspendable:					
Food service	\$ -	\$ 13,653	\$ -	\$ -	\$ 13,653
Restricted:					
Debt service	-	-	-	119,905	119,905
Donations for specific purposes	-	464,318	-	2,089	466,407
Student body activities	-	181,463	-	-	181,463
Capital projects	-	-	497,310	-	497,310
Committed:					
Capital projects	-	-	31,340	-	31,340
Assigned:					
PERS rate changes	210,000	-	-	-	210,000
Unassigned:	840,924	-	-	-	840,924
Total fund balance	<u>\$ 1,050,924</u>	<u>\$ 659,434</u>	<u>\$ 528,650</u>	<u>\$ 121,994</u>	<u>\$ 2,361,002</u>

E. Deferred Inflows/Outflows of Resources

Governmental funds Balance Sheet reports deferred inflows of resources in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. The Statement of Net Position reports deferred outflows of resources in connection with deferred amounts paid on bond refundings.

At June 30, 2017, the General Fund and Debt Service Fund reported deferred inflows of resources for property taxes on the Balance Sheet of \$196,138 and \$34,110 respectively. The Statement of Net Position reported deferred outflows of resources for bond refundings in the amount of \$64,230.

F. Interfund Transfers

The composition of interfund transfers in the fund financial statements as of June 30, 2017 is as follows:

Interfund Transfers:

Transfer out	
General Fund	\$ 162,850
	<u>\$ 162,850</u>
Transfer in	
Special Grant Fund	162,850
	<u>\$ 162,850</u>

The transfers from the General Fund to the Special Grant Fund are routine transfers to support activities related to Professional Growth, Food Service and Athletics.

G. Leases

Operating leases: The District leases a postage machine under a non-cancelable operating lease. Total costs for the lease was \$3,328 for the fiscal year ended June 30, 2017. The future minimum payments for these leases are as follows:

<u>Fiscal Year</u>	<u>Payments</u>
2017-2018	\$ 3,255
2018-2019	3,255
2019-2020	3,255
2020-2021	1,942
	<u>\$ 11,707</u>

H. Long-Term Debt

Capital Leases: At June 30, 2017, the District had various equipment and vehicles under lease purchase agreements. The balance of these agreements at June 30, 2017 was \$671,706. The items under lease at year-end had a cost of \$781,926, with accumulated depreciation of \$66,729 and a net book value of \$715,197. Capital lease payments are made out of the general fund.

The annual lease payments for these capital leases are as follows:

<u>Fiscal Year</u>	<u>Payments</u>
2017-18	\$ 84,892
2018-19	83,918
2019-20	83,918
2020-21	83,918
2021-22	83,060
Thereafter	<u>325,384</u>
	745,090
Less interest	<u>(73,384)</u>
Principal due	<u><u>\$ 671,706</u></u>

General Obligation Bonds: On March 13, 2001, the voters of the District approved a general obligation (GO) bond issue in the amount of \$3,545,000 to expand and improve the District's facilities. The District shall levy annually as provided by law a direct ad valorem tax upon all taxable property within the District in a sufficient amount to pay the principal and interest on the bonds as they become due for a period of 20 years. On October 6, 2005, a portion of the bonds maturing June 15 in the years 2006 through 2021 were refinanced (2005 Advanced Refunding of 2001 GO Bonds). The remaining bonds matured in 2011. The refinanced bonds bear interest rates of 3.0 percent to 4.0 percent. The purpose of the refunding was undertaken to reduce the total debt service payments over the next 15 years by \$108,874 and resulted in an economic gain of \$84,974.

The reacquisition price exceeded the net carrying amount of the refunded debt by \$204,463. This amount is reported as a deferred outflow of resources and is amortized over the life of the refunded debt, which is the same life as the debt issued. GO Bond payments are made out of the debt service fund.

The future debt maturity requirements are as follows at June 30, 2017:

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total Debt Service</u>
2017-2018	\$ 295,000	\$ 49,197	\$ 344,197
2018-2019	310,000	38,135	348,135
2019-2020	330,000	26,355	356,355
2020-2021	<u>350,000</u>	<u>13,650</u>	<u>363,650</u>
Total	<u><u>\$ 1,285,000</u></u>	<u><u>\$ 127,337</u></u>	<u><u>\$ 1,412,337</u></u>

Certificates of Participation: On January 19, 2012, the District entered into an agreement to participate in the Oregon School Boards Association Flex Fund Program. The program issues tax-credit bonds, known as Qualified Zone Academy Bonds (QZAB). Bonds were issued in the amount of \$1,025,000 and mature in 2030. Proceeds are to be used to finance roof replacements, HVAC replacements, and various improvements at school facilities. The bonds bear interest at 4.625 percent, however, as part of the Taxpayer Relief Act of 1997 the institutions holding the bonds receive a tax credit in lieu of interest. Interest is payable semiannually, with principal payments due in June of each year. Payments are made from the General Fund.

The future debt maturity requirements are as follows at June 30, 2017:

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total Debt Service</u>
2017-2018	\$ 56,944	\$ 47,406	\$ 104,350
2018-2019	56,944	47,406	104,350
2019-2020	56,944	47,406	104,350
2020-2025	284,720	237,030	521,750
2025-2030	<u>285,440</u>	<u>237,034</u>	<u>522,474</u>
Total	<u>\$ 740,992</u>	<u>\$ 616,282</u>	<u>\$ 1,357,274</u>

Financing Agreement: On July 1, 2014, the District entered into an agreement with Capital One Public Funding, LLC, to issue tax-credit bonds, known as Qualified Zone Academy Bonds (QZAB). Bonds were issued in the amount of \$3,750,000 and mature in 2031. Proceeds are to be used to finance roof replacements, parking lot improvements, facility and equipment upgrades, furniture and deferred maintenance, and various improvements at school facilities. The bonds bear interest at 4.48 percent, however, as part of the Taxpayer Relief Act of 1997 the institutions holding the bonds receive a tax credit in lieu of interest of 3.33 percent. Interest at 1.15 percent is payable semiannually, with principal payments due in June of each year. Payments are made from the General Fund.

The future debt maturity requirements are as follows at June 30, 2017:

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total Debt Service</u>
2017-2018	\$ 210,000	\$ 36,110	\$ 246,110
2018-2019	210,000	33,695	243,695
2019-2020	215,000	31,280	246,280
2020-2021	215,000	28,807	243,807
2021-2022	215,000	26,335	241,335
2022-2023	220,000	23,863	243,863
2023-2024	220,000	21,332	241,332
2024-2025	225,000	18,803	243,803
2025-2026	230,000	16,215	246,215
2026-2031	<u>1,180,000</u>	<u>40,998</u>	<u>1,220,998</u>
Total	<u>\$ 3,140,000</u>	<u>\$ 277,438</u>	<u>\$ 3,417,438</u>

Financing Agreement: On July 8, 2016, the District entered into an agreement with Banner Bank, to issue tax-credit bonds, known as Qualified Zone Academy Bonds (QZAB). Bonds were issued in the amount of \$1,500,000 and mature in 2033. Proceeds are to be used primarily to finance general building repairs/remodels, technology upgrades and textbook upgrades. The bonds bear zero percent interest. Principle payments are made annually in the amount of about \$88,235. The first five years' payments will split these payments into a QZAB A portion and a QZAB B portion with payments of \$44,000 and \$44,235 respectively. Payments are made from the General Fund.

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total Debt Service</u>
2017-2018	\$ 88,235	\$ -	\$ 88,235
2018-2019	88,235	-	88,235
2019-2020	88,235	-	88,235
2020-2021	88,235	-	88,235
2021-2022	88,235	-	88,235
Thereafter	<u>1,058,825</u>	<u>-</u>	<u>1,058,825</u>
Total	<u>\$ 1,500,000</u>	<u>\$ -</u>	<u>\$ 1,500,000</u>

During the year ended June 30, 2017, the following changes occurred in long-term liabilities reported in the Statement of Net Position:

	<u>Balance 6/30/2016</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance 6/30/2017</u>	<u>Due Within One Year</u>
Capital leases	\$ 8,357	\$ 752,706	\$ (89,357)	\$ 671,706	\$ 84,892
2012 QZAB loan	797,936	-	(56,944)	740,992	56,944
2005 Refunding of 2001 general obligation bonds payable	1,555,000	-	(270,000)	1,285,000	295,000
2014 QZAB loan	3,345,000	-	(205,000)	3,140,000	210,000
2016 QZAB loan	-	1,500,000	-	1,500,000	88,235
Total	5,706,293	2,252,706	(621,301)	7,337,698	735,071
Less: deferred amounts on refunding	<u>(78,159)</u>	<u>-</u>	<u>13,929</u>	<u>(64,230)</u>	<u>(13,929)</u>
Total	<u>\$ 5,628,134</u>	<u>\$ 2,252,706</u>	<u>\$ (607,372)</u>	<u>\$ 7,273,468</u>	<u>\$ 721,142</u>

Additionally, the following changes occurred in compensated absences payable:

	<u>Balance 6/30/2016</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance 6/30/2017</u>	<u>Due Within One Year</u>
Compensated absences	<u>\$ 31,513</u>	<u>\$ 36,797</u>	<u>\$ (32,111)</u>	<u>\$ 36,199</u>	<u>\$ 36,199</u>

IV. OTHER INFORMATION

A. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the District carries commercial insurance. Worker's compensation insurance is also provided through a commercial carrier. There has been no significant reduction in insurance coverage from the prior year and the District has not been required to pay any settlements in excess of insurance coverage during the past three fiscal years.

B. Commitments and Contingent Liabilities

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

C. Subsequent Events

In July 2017, the District borrowed \$785,000 in order to make improvements to the quality and condition of the child development center, as well as the playground. The loan is payable monthly, over a period of 1 year. The interest rate is 4.25%. This is a two phase loan; the promissory note will be produced once construction is complete and the term out phase is entered. The term out phase can be amortized for up to 25 years with no prepayment penalties or balloon payments and will be 5/5 ARM product with rates determined by First Community Credit Union (Wall Street Journal Prime, currently 4.25%) plus a margin determined at underwriting.

D. Employee Retirement Systems and Plans

Public Employees Retirement System

The District did not implement GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* – an amendment of GASB Statement No. 27 and Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*—an amendment of GASB Statement No. 68. GASB Statement No. 68 establishes standards for measuring and recognizing liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditures. GASB Statement No. 71 addresses an issue regarding application of the transition provisions of GASB Statement No. 68.

Plan Description. Coquille School District No. 8 contributes to the State of Oregon Public Employees Retirement System (PERS), a cost-sharing multiple-employer defined benefit pension plan administered by the Oregon Public Employees Retirement System. PERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Oregon Revised Statutes 238 assigns the authority to establish and amend benefit provisions to the PERS Board of Trustees.

All Oregon school districts are required by law to be part of a school district pool. Pooling allows separate employers to be part of one group for the purpose of determining employer pension costs and contributions rates. Pool participants share pension assets and future pension liabilities and surpluses. Employers in the pool jointly fund the future pension cost of all the pooled participants.

Plan Benefits.

Tier One/Tier Two Retirement Benefit (Chapter 238):

Pension Benefits - The PERS retirement allowance may be selected from 13 retirement benefit options. These options include annuities, survivorship benefits and lump-sum refunds. The basic benefit is based on years of service and final average salary. Tier I/Tier II Retirement Benefit plan is closed to new members hired on or after August 29, 2003.

Death Benefits - Upon the death of a non-retired member, the beneficiary receives a lump-sum refund of the member's account balance (accumulated contributions and interest) and employer funds equal to the account balance, provided certain conditions are met.

Disability Benefits - This is available for qualifying employees for both duty and non-duty connected causes.

Benefit Changes After Retirement - Members may choose to continue participation in a variable equities investment account after retiring and may experience annual benefit fluctuations due to changes in the market value of equity investments. Also, monthly benefits are adjusted annually through cost-of-living changes.

OPSRP Pension Program (ORS Chapter 238A):

Pension Benefits - The Pension Program provides benefits to members hired on or after August 29, 2003. OPSRP provides a life pension funded by employer contributions. Benefits are based upon the number of years of service and the final average salary.

Death Benefits - Upon the death of a non-retired member, the beneficiary receives for life 50 percent of the pension that would otherwise have been paid to the deceased member.

Disability Benefits - This is available for qualifying employees for both duty and non-duty connected causes.

Benefit Changes After Retirement - Monthly benefits are adjusted annually through cost-of-living changes.

OPSRP Individual Account Program (OPSRP IAP)

Pension Benefits – An IAP member becomes vested on the date the employee account is established or on the date the rollover account was established. If the employer makes optional employer contributions for a member, the member becomes vested on the earliest of the following dates: the date the member completes 600 hours of service in each of five calendar years, the date the member reaches normal retirement age, the date the IAP is terminated, the date the active member becomes disabled, or the date the active member dies.

Upon retirement, a member of the OPSRP Individual Account Program (IAP) may receive the amounts in his or her employee account, rollover account, and vested employer account as a lump-sum payment or in equal installments over a 5, 10, 15, or 20 year period or an anticipated life span option. Each distribution option has a \$200 minimum distribution limit.

Death Benefits – Upon the death of a non-retired member, the beneficiary receives in a lump sum the member's account balance, rollover account balance, and vested employer optional contribution account balance. If a retired member dies before the installment payments are completed, the beneficiary may receive the remaining installment payments or choose a lump sum payment.

Recordkeeping – PERS contracts with VOYA Financial to maintain IAP participant records.

Pension Plan CAFR:

Both PERS and OPSRP are administered by the Oregon Public Employees Retirement Board ("OPERB"). The comprehensive annual financial report of the funds administered by the OPERB may be obtained by writing to Oregon Public Employees Retirement System, P.O. Box 23700, Tigard, OR 97281-3700, by calling (503) 598-7377, or by accessing the PERS web site at www.oregon.gov/PERS.

Contributions:

PERS funding policy provides for monthly employer contributions at actuarially determined rates. These contributions, expressed as a percentage of covered payroll, are intended to accumulate sufficient assets to pay benefits when due. The District paid 22.33% for Tier I and Tier II employees and 17.64% for OPSRP members for the fiscal year.

Employer contribution rates during the period were based on the December 31, 2014 actuarial valuation. The state of Oregon and certain schools, community colleges, and political subdivisions have made lump sum payments to establish side accounts, and their rates have been reduced.

The contribution requirements of plan members and Coquille School District No. 8 are established and may be amended by the PERS Board of Trustees. The District's contributions to PERS for the years ending June 30, 2017, 2016, and 2015 were \$1,262,198, \$1,128,163, and \$1,085,275, respectively, equal to the required contributions for each year. These added to the District's fiduciary net position.

The pension liability (asset) was determined in accordance with *Government Accounting Standards* Board Statement No. 27. Since all actuarially determined contributions have been paid, and the District has not implemented GASB Statement No. 68, the reported pension liability (asset) is zero.

E. Postemployment Healthcare Plan

The District did not implement GASB Statement No. 45, *Accounting and Financial Reporting for Employers for Postemployment Benefits Other Than Pensions* for the fiscal year ended June 30, 2017. This standard requires the District to report its liability for other postemployment benefits consistent with newly established generally accepted accounting principles and to reflect an actuarially determined liability for the present value of projected benefits for retired and active employees on the financial statements.

The District does not have a formal postemployment benefits plan for any employee group, however the District is required by Oregon Revised Statutes 243.303 to provide retirees with the opportunity to purchase group health and dental insurance from the date of retirement to age 65 at the same rate provided to current employees. The difference between retiree claims costs, which because of the effect of age is generally higher in comparison to all plan members, and the amount of the retiree healthcare premiums represents an implicit employer contribution. GASB Statement No. 45 is applicable to the District due only to this implicit rate subsidy. The District did not determine the amount of their liability under GASB Statement No. 45, therefore the effect on the Statement of Net Position and the Statement of Activities cannot be determined. This “plan” is not a stand-alone plan and therefore does not issue its own financial statements.

**REQUIRED SUPPLEMENTARY
INFORMATION**

MAJOR FUNDS

General Fund – The General Fund is used to account for and report on resources and activities directly associated with carrying out those operations related to the District's educational objectives. Included are all resources and activities which are not accounted for in another fund. The major sources of revenues are property taxes and state school funds.

Special Grant Fund – The Special Grant Fund accounts for and reports on revenue sources that are restricted or committed to expenditure for specific purposes, as well as revenues received and expenditures made for athletics, professional growth, food service, scholarships and student activities. Federal grants, fees, charges for service, transfers and interest earnings are the major sources of revenue.

Capital Projects Fund – The Capital Projects Fund accounts for and reports on the acquisition of capital assets or construction of major capital projects not being financed by the General Fund. The major sources of revenue are loan proceeds, proceeds from the sale of capital assets and interest earnings.

COQUILLE SCHOOL DISTRICT NO. 8
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
For the Fiscal Year Ended June 30, 2017

Note 1. Purpose of the Schedule

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Coquille School District No. 8 for the year ended June 30, 2017.

Note 2. Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Coquille School District No. 8 and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

Note 3. Subrecipients

During the year ended June 30, 2017, the District did not provide any financial awards to subrecipients.

Note 4. De Minimis Cost Rate

The District did not elect to use the 10% de minimus indirect cost rate during the 2016-17 fiscal year.

Note 5. Interest Subsidy

Interest subsidies related to the Qualified School Construction Bonds are funded through the Hiring Incentives to Restore Employment Act (HIRE) and are now listed on the schedule. These amounts are disbursed directly to the lender and do not pass through the District.

OTHER INFORMATION

COQUILLE SCHOOL DISTRICT NO. 8
SUMMARY OF PRIOR AUDIT FINDINGS RELATED TO FEDERAL AWARDS
For the Fiscal Year Ended June 30, 2017

Findings:

2016-001 Material weakness in internal controls over compliance.

CONDITION: The Special Programs Director, who is responsible for compliance with the requirements of Title I grant, did not prepare a personnel activity report for his time worked that was charged to the grant.

Status: Corrected

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

December 21, 2017

To the Board of Directors of Coquille School District No. 8:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Coquille School District No. 8 as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Coquille School District No. 8's basic financial statements as listed in the table of contents and have issued our report thereon dated December 21, 2017. The report was modified because the District has chosen to not adopt Governmental Accounting Standards Board (GASB) Statement No. 45, *Accounting and Financial Reporting for Employers for Postemployment Benefits Other Than Pensions*, which is required by accounting principles generally accepted in the United States of America. The District also has chosen to not adopt GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – An Amendment of GASB No. 27*, which is also required by accounting principles generally accepted in the United States of America.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Coquille School District No. 8's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

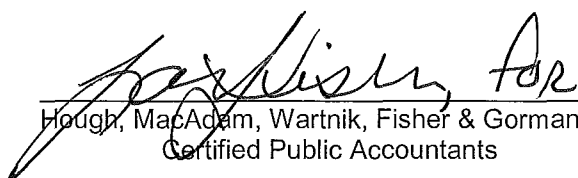

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Coquille School District No. 8's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS REPORT
REQUIRED BY OREGON STATE REGULATIONS**

December 21, 2017

To the Board of Directors of Coquille School District No. 8:

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Coquille School District No. 8 (the District) as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 21, 2017.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the provisions of the Minimum Standards for Audits of Oregon Municipal Corporations, prescribed by the Oregon Secretary of State. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement.

Compliance

As part of obtaining reasonable assurance about whether the District's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, grants, including provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-010-0000 to 162-010-0330, as set forth below, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion.

We performed procedures to the extent we considered necessary to address the required comments and disclosures, which included, but were not limited to the following:

The use of approved depositories to secure the deposit of public funds (ORS Chapter 295).

The requirements relating to debt.

The requirements relating to the preparation, adoption and execution of annual budgets (ORS Chapter 294).

The requirements relating to insurance and fidelity bond coverage.

The appropriate laws, rules and regulations pertaining to programs funded wholly or partially by other governmental agencies.

The statutory requirements pertaining to the investment of public funds (ORS Chapter 294).

The District has complied with the legal requirements of ORS 327.013 and the Oregon State Department of Education pertaining to the calculation and reporting of the factors used to compute the State School Fund distribution.

The requirements pertaining to the awarding of public contracts and the construction of public improvements (ORS Chapters 279A, 279B, 279C).

Except as shown below, in connection with our testing, nothing came to our attention that caused us to believe that the District was not in substantial compliance with certain provisions of laws, regulations, contracts and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-010-0000 through 162-010-0320 of the Minimum Standards for Audits of Oregon Municipal Corporations, prescribed by the Oregon Secretary of State.

Expenditures exceeded appropriations in the following amounts:

Capital Projects Fund

Facilities acquisition and construction

\$ 77,110

OAR 162-010-0230 Internal Control

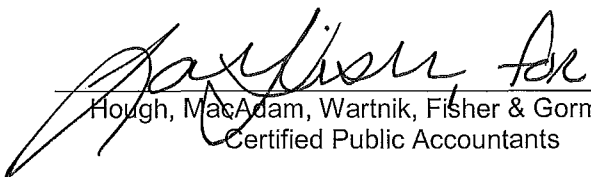

In planning and performing our audit, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control that we consider to be material weaknesses, as defined above. However, material weaknesses may exist that have not been identified.

Purpose of this Report

This report is intended solely for the information and use of management, Coquille School District No. 8's Board of Directors, the Oregon Secretary of State Division of Audits, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH
MAJOR PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

December 21, 2017

To the Board of Directors of Coquille School District No. 8:

Report on Compliance for Each Major Federal Program

We have audited Coquille School District No. 8 (the District) with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2017. Coquille School District No. 8's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Coquille School District No. 8's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Coquille School District No. 8's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Coquille School District No. 8's compliance.

Opinion on Each Major Federal Program

In our opinion, the Coquille School District No. 8 complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2017.

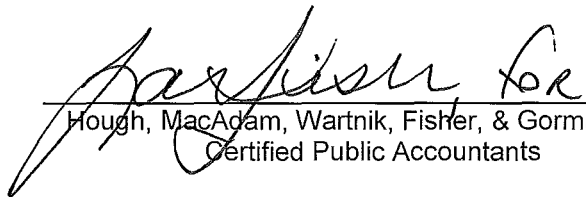

Report on Internal Control Over Compliance

Management of Coquille School District No. 8 is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Coquille School District No. 8's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section, and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses, and therefore, material weaknesses or significant deficiencies may exist that were not identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
