

Coquille School District 8

Code: **IBDJA**
Adopted: 6/23/97
Revised/Readopted: 4/14/2008

Home Schooling

The Board recognizes the rights of parents to teach their students at home.

Further, the Board is willing to assist parents in this endeavor if a request is made through the superintendent. The Board will furnish basic course descriptions, state standards for elementary and secondary education, and, when available, may furnish basic instructional materials upon deposit of a loss/damage fee.

Students may, upon parent request, be allowed to participate in any district program if space and materials are available. Such participation is encouraged by the Board. Students must then adhere to regular attendance procedures as established by the school and must avoid disruption of said programs.

Parents are responsible for transportation for students attending selected school offerings.

The Board reaffirms its prerogative not to accept home instruction course credit toward graduation requirements.

Home schooled students may participate in interscholastic activities if the following criteria are met:

1. The student is in compliance with all rules governing home schooling and can provide acceptable documentation of compliance to the district;
2. The student can meet the district eligibility requirements except the district or class attendance requirements;
3. The student need not meet class requirements of the voluntary association administering the interscholastic activities;
4. The student can achieve the minimum score on an examination from the list adopted by the State Board of Education. The minimum composite test score that a student must achieve shall place the student at or above the 23rd percentile based on national norms. The examination shall be taken at the end of each school year. (Students may participate while awaiting test results.);
5. The parent shall submit the examination results to the district; or the district may adopt alternative requirements, in consultation with the parent, that a student must meet to participate in interscholastic activities, including, but not limited to, a requirement that a student submit a portfolio of work samples to the district for review to determine whether a student is eligible to participate in interscholastic activities;
6. The student must fulfill the same responsibilities and standards of behavior and performance

including related class or practice requirements of other students participating in the interscholastic activity. The students must meet the same standards for acceptance on the team or squad. The student must also comply with all public school requirements during the time of participation;

7. The student must reside in the attendance boundaries of the school for which the student participates.
